

If you really think that the environment is less important than the economy, try holding your breath while you count your money.

Guy McPherson

Climate

1. What is the difference between **weather** and **climate**?
2. Do you think the Earth's climate is changing? Is it a natural change or caused by **human activity**?
3. What are the primary causes of **global warming**?
4. How do our **lifestyle choices**, such as transportation and diet, contribute to climate change?
5. How does climate change impact **wildlife** and ecosystems?
6. How does climate change **affect societies**?
7. What is the difference between climate change **mitigation** and **adaptation**?
8. How can communities work together to **address the problem** of climate change?

Do you like the free Conversation Cards? Do you use them in class?

Now you can access even more engaging and thought-provoking content ready to use in your conversation class.

Check out **That's Conversation!**

That's Conversation MniEbooks will provide you with intuitive exercises that both inspire discussion and teach new language. You can use them in their original digital format for your online class, or you can print them for use in a more traditional classroom setting.

For more serious
social and economic topics get:

That's Conversation! - Sentiments

<https://ice-breaker.pl/produkt/thats-conversation-sentiments/>

What's inside?
